330 Yellow Jackets S.W.A.R.M. Ferndale Area Elementary School

Breaking news out of Johnstown, PA! A large cloud of yellow jackets have been spotted “S.W.A.R.M.ing” around Ferndale Area Elementary School this year. It has been reported that buzz was first noticed during the early morning hours on Aug 24, 2022 and only got louder as the year progressed.

You read that right folks, we caught our PreK -6 grade students **S**taying Safe, **W**orking hard, **A**lways being kind, showing **R**espect and **M**aking good choices all year long here at the hive.

At FAES the PBIS program was in full force this year. Students worked hard to demonstrate the above behaviors to earn SWAG and various school wide events. Students were able to shop at the school store weekly with the SWAG they earned. Fifth and sixth grade students ran, organized, priced, and bought items for the

school store in the fall. Thanks to generous donors from the Website Donors Choose, our children had a large selection of school supplies to purchase each week.

FAES students were also able to cash in for fun PBIS school wide incentives. This year students participated in four school wide events: Costume Party, Winter Wonderland stations, Glow Dance and Kono Ice treat as well as a Mystery Box drawing.

It has been a busy year here at the hive, and the building is buzzing louder than ever. The PBIS team thanks all the teachers, administrators, PTO members and parents for allowing us to take over the school this year. Thank you for helping all of our wild ideas come to life. We wish you all a safe and fun summer and can't wait for the S.W.A.R.M. to return in the fall!

PAWS for Reading

Ferndale Area Elementary School took part in the One School, One Book program for the second year in a row with *Fenway and Hattie*, by Victoria J. Coe. One School, One Book creates a shared reading experience across our elementary school community. *Fenway and Hattie* is an adorable book told through the eyes of a small, energetic Jack Russell Terrier, who faces many challenges when his family moves from the city to the suburbs.

Tales with Tails Kindergarten

Doghouse Competition 6th Grade

Book Reveal PAW-TY

Our giant book club officially began with a book reveal, during a school-wide PAW-TY in the gym. Over a course of three weeks, our school became a real “Dog’s World”. Students participated in daily trivia challenges with three prizes awarded each day, adopted classroom Jack Russell Terrier stuffed pups, competed in two competitions - the best built homeroom doghouse and a grade level writing challenge, read “*Tales to Tails*” (trained therapy dogs), and showed their love for Fenway with a building spirit week. Year two proved to be a paw-sitively great time for all!

Reading Team

Reading Team had a very exciting season this year! Team members worked very hard reading eighty books total. At the fall competition, “The Stingers” were just one point shy of winning a 3rd place ribbon. The team was disappointed but determined to make a comeback in the spring. The spring team, “The Lady Jackets and Oren”, gave a valiant effort but unfortunately did not place. The team members held their heads up high and vowed to work hard again next year! Go Jackets!

District Adopts 2023-2024 Budget

The Ferndale Area School Board adopted the 2023-2024 fiscal year budget on May 24, 2023. Real estate millage was set at 96.5 mills, which was an increase of 3.5 mills. After review, the Pennsylvania Department of Education approved the tax rate. The increase was less than the 2023-2024 index of 6.4% which was required by Act 1 participating districts.

School Board Meetings

The Ferndale Area School District Board of Directors Board Workshop Meetings are held on the third Wednesday of each month at 6:00 p.m. and Voting Board Meetings are held on the fourth Wednesday of each month at 6:00 p.m. except for the months of April, June, November, and December, unless otherwise advertised. Meetings are not scheduled for the month of July. Meetings are held in the Elementary School Board Room.

Innovation in the Hive

Third and fourth grade students in our afterschool STEAM (Lego Explores) program dove into Lego exploration during the months of January, February, and March with Mrs. Sendek and Miss Potasnik. During earlier meetings, students were introduced to the First Lego League competition requirements which included Robot Design, Robot Game, Core Values, and the Innovation Project that our fifth and sixth grade team completed at competition back in February. At each meeting, students

completed a team-building activity and had a chance to complete a building challenge project from a Lego Bingo card to work their way towards a final prize. They also had the chance to create their own leprechaun trap and hold a boat race building challenge. Students tested their Lego boat prototype in water to see if it could successfully float. Our Lego Explores students had so much fun refining their engineering skills! Thank you for a great year!

LEGO League Challenge

FIRST LEGO League Challenge is an international program and competition for elementary and middle school-aged children. Each year in August, the theme for the year is released to the participating groups. Students are immersed in research, problem-solving, coding, and engineering that will engage them in a range of rigorous and relevant learning experiences. Students develop an innovative solution to a real-world problem and design, build, and code a LEGO robot to solve themed challenge missions.

The PA Central First Lego League Championship is the annual regional competition hosted by the Appalachia Intermediate Unit 8 for grades 4-8 (ages 9-16) in our area. The grand winner from this competition has the opportunity to compete on a larger scale at the state championship and later the world festival if they move up in the ranks. Areas that the teams are scored in by a judging panel include Robot Design, Robot Game, Core Values, and Innovation Project. Ferndale Area Elementary's Lego League team for the 2022-2023 season was coached by Miss Potasnik and Mrs. Sendek. The team hit the ground running and

worked tirelessly on each of the various aspects needed to compete. This year, the competition was held in February at Altoona Area Junior High School.

Jacket Power competed against 30 schools and private groups in our area. They had three separate robot game rounds where they had to complete as many missions as they could with their robot in a 2.5-minute window to earn points. In addition, the group had a 30-minute presentation round where they had to talk with the judges about an innovation/research project that they conducted based on the theme. The team worked so hard this season and really exemplified teamwork throughout the experience. Our Yellow Jacket team won the hearts of the judges and crowd by showing their sense of Jacket Pride and teamwork. As a result, they brought back a 3rd place trophy for the Core Values category to The Hive and had a super clean final robot game. Team members this year were Cecelia Berkofsky, Alyssa Rager, Landyn Felosky, Lincoln Gutteridge, Sidney Horner, Edward McKendree, Logan Clevenger, Mason Davis, Gracin Wagner, Macie Wagner, Jaxon Howrylak, and Zaike Corson.

Building Math Minds

Throughout the school year, many students have a chance to build their math skills by opening an app called First in Math on their iPads. This program engages students by way of math games in order to strengthen their mathematical abilities and foundations. The program is self-driven.....meaning that the student gets to choose whether or not they use it throughout their school day. Many students participate everyday earning stickers to build their sticker count and advance on the First in Math Wall that is displayed in the elementary school first floor hallway as students enter the building. Each week, students are added onto the wall (starting at 1,000 stickers) or progressing through 8 categories from Math Whiz to Grand Champion. Their names were announced each week, and certificates were issued as they progressed through the program. You may have even seen their pictures posted on the Ferndale Area Facebook page each week. This year we are proud to have 29 students reach the top 3 levels.

Mastermind/Bronze level (5,500-7,499 stickers): Logan Fuska, Ashton Hern, Braxton Hern, Zayden Keith, Jayce Minarchin, Jordyn Oherrick, Kennedy Orris,

Vincent Price, Jack Redvay, Zander Ward, Janessa Washington and Bennett Weikel

Champion/Silver level (7,500-9,999 stickers): Lay'la Berkey, Zaike Corson, Jase Dixon, Declan Gilpatrick, Richard Sauro, Dylan Schonvisky, Jack Swalligan and Gracin Wagner

Grand Champion/Gold level (10,000+ stickers): Preston Bailey, Emery Blue, Addilyne Corson, Benjamin DeWitt, Wyatt Leverknight, Isaac McClucas, Jace Oliver, Cannan Ream and Macie Wagner

During the first week of May, the competition ended with the following students having the top 3 scores: Congratulations to Jace Oliver for being our top sticker earner with 25,805 stickers!!!

Congratulations to Isaac McClucas for being our #2 sticker earner with 20,409 stickers!!!

Congratulations to Wyatt Leverknight for being our #3 sticker earner with 18,907 stickers!!!

Congratulations to all students who participated and moved up through the ranks on our First in Math wall!

Improving School Performance

January 29 through February 1, Molly O'Neil, Maeve Koshute, Renee Dryer and Stephanie Mino, members of the MTSS team were able to not only attend the Pennsylvania Title 1 Improving School Performance Conference but also were selected to be presenters. By attending this conference, they were able to learn more about specific strategies from various schools to help improve the achievement of students and meet state specific targets. This year's theme was "Focus Forward". It was a great opportunity to learn from other educators in the field who have approached the same challenges as them and to also work together to create solutions. They had the opportunity to listen to keynote speakers, sit in on presentations, and create contacts with fellow presenters. Their team

was selected to present our Swarming Strategies for Success, a professional development series that provided teachers with knowledge and resources for various teaching strategies. Being that this was their first year attending and presenting, they were hesitant that their presentation would match the standards of the ones presented to them. Fortunately they presented in front of a packed room of professionals ranging from teachers, to specialists, and administration who spoke highly of the work that they were doing here at our school, and have thus wanted to learn from our team as well. It was a wonderful opportunity to grow as professionals and to network as well. We look forward to attending and presenting at future ISP conferences.

Students Shine in Fernstock Performance

Over three hundred students took the stage at Ferndale Area Elementary School's Fernstock performance on Friday, May 19. Created by Mrs. Jill Vuckovich in 1994, Fernstock continues as a longstanding tradition that is loved by both past and present Ferndale students.

Elementary General Music teacher, Mrs. Melanie Engel, currently works with all students in grades PreK through sixth grade. To prepare for this program, each class learned and rehearsed a routine that they later performed for their friends and family. Fernstock teaches students many aspects of music and performance; they learn how to be good performers as well as good audience members. This year's program was titled "Music of the Decades," which featured many classic past and current hits, from the Beatles 60's hit "Yellow Submarine" to the 2010 Bruno Mars' favorite "Count on Me."

Additionally, there were performances from the Ferndale Area High School Marching Band under the direction of Mr. Dustin Rainey and from the Ferndale Area Elementary Band Ensemble (featuring fifth and sixth grade instrumentalists), under the direction of Mrs. Melanie Engel. The ensemble played two pieces, "Heroic Fanfare and March" by Mike Hannickel and "Appalachian Folk Dance" by Robert W. Smith.

Mrs. Engel would like to thank the administration and the school board for their continued support of the music program as well as the teachers and staff for their help and support throughout the planning and execution of this program. Additionally, she would like to thank the friends and family of our wonderful students that help guide and encourage them to do their best every day!

Student Council

The Junior-Senior High School Student Council planned the Homecoming spirit week, culminating in the dance on Saturday, September 3. It was held at Lorain Borough Park with coronation taking place earlier in the day at Conemaugh Valley's field. Aaden Cummings (Middle Taylor) and Irelin Urban (Brownstown) were crowned as 2022 King and Queen. In November, Student Council and National Honor Society students hosted their third annual Veterans' Day assembly and breakfast, welcoming 17 veterans and their FASD family members and students. Also in the fall, Student Council raised awareness and funds for suicide prevention by selling bracelets, made by Brenna Beckman, and stickers.

In December, they piloted two Elementary Craft Nights and invited elementary students to the high school to create some holiday-themed crafts, enjoy snacks, and watch a movie. Student Council's February and April Blood Drives collected a total of 34 units, which has the potential to save over 100 lives. Many of our students became first time donors and most were successful! In May, Student Council and National Honor Society

students attended an educational presentation at PNC park and stayed to take in a Buccos game. It was an exciting day with warm weather.

If you happened to notice the blue pinwheel garden in the front lawn of the High School, those were planted as a fundraiser to help Johnstown's Circle of Support, a local child advocacy organization. Student Council also sold t-shirts and bracelets to help raise money for Johnstown's Walk of Hope. The Walk this year was Saturday, June 3 at Trojan Stadium. Our school's team is Hannah's Hive, named for Hannah Chuha, a Ferndale Area student who passed in the fall of 2016, her senior year, from complications after having overcome cancer. During the Walk of Hope, we also remember Amber Mardis, a Ferndale Area elementary student who passed from cancer in the spring of 2015.

As the 2022-2023 school year comes to an end, the Student Council is busy planning for next year's events, beginning with a Mirror Ball themed homecoming.

Drama Club

The Ferndale Area Drama Club presented the comedy *"Whodunit...and to Whom?"* by Robert Frankel, March 10 through 12. This year we had 12 new members - 7 of whom were actors!

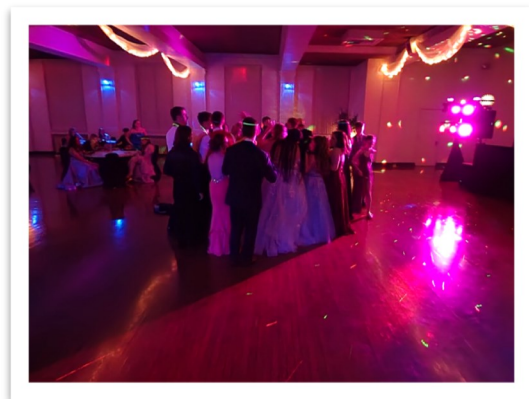

As would be writer Harold Finnegan typed his manuscript, his thoughts were narrated, and we got to see the story played out on stage. However, when he made corrections, the actors had to adjust and change their actions, or remain "frozen" at times! But through plot twists Harold discovered he was never the true author.

Thank you and congratulations to the Cast and Crew!

"Violet Twilight" Prom 2023

It was a "Violet Twilight", Friday, May 12 at the Masonic Temple, thanks to the hard work of the Junior Class Officers and Prom Committee Members. President-Connor Hemlock, Vice-President-Lucas Hammers, Secretary-Jonathan Huffman, Treasurer-Ethan Usrey and Prom Committee Members Emily Borischak, Jaedyn Hoffman, Derrick Buchkoski, Faith Murray, Nakaila Craig, Kirah Weikel, Leah Grassa, Irelin Urban and Tranise Hill. Attendees enjoyed their time together and seniors gathered for a fond farewell.

Athletic Highlights

Esports (Coach Dawn Wolfe)

Ferndale Area's Esports program returned after a multi-year hiatus returning to The Esports Companies Valorant and Overwatch leagues. Although initially struggling to find their footing early into the season, failing to make the playoffs during the fall split, they rebounded to have both Tier 1 and Tier 2 make it into the Overwatch Spring Split Playoffs. Tier 1 placed as the 7th seed and fell to the 2nd seed Johnstown in a competitive bout that saw the Yellow Jackets take several maps off the Trojans. Tier 2 placed in the 8th seed and matched up with the 1st seed Forest Hills. Tier 2 was able to tie the series 1 to 1 but fell in the final game in a close finish. Our teams also had the opportunity to build four gaming PCs from scratch to get our gaming lab up to ten computers. The team looks forward to building off these strong performances next year in both Valorant and Overwatch.

Junior High Volleyball (Coach Veronica Shorto)

Junior High volleyball had an excellent season with both varsity and junior varsity earning winning records. The team was led by seven 9th graders who worked hard on their skills, while still taking time to help and encourage the younger players on the team. The final match of the season was a whole team effort, with all the learned skills coming together. Everyone played at the top of their game, defeating Conemaugh Valley. Way to go Lady Jackets!

Varsity Volleyball (Coach Andrea Ardary)

During the Fall 2022, our Lady Jackets had a very successful volleyball season. It was an honor to work alongside such entertaining, determined, and capable young women who love the sport of volleyball. Our final regular season record was 9-10, ultimately losing at home in our first round of playoffs. Making it to the playoffs at home was a great success for our team, and it was a joy to see them grow both in aptitude and as teammates as the season progressed.

Varsity Golf (Coach Daniel Endler)

The Ferndale Area Varsity Golf Team compiled a record of 0-13. The team had one (1) Junior and seven (7) Sophomores. For the first time, Ferndale Area had three female golfers on the golf team. The team competed in the WestPAC Conference with a pair of non-conference games against Northern Cambria. The team also sent a team of four (4) golfers to the Our Town "Tee Off Against Drugs" golf outing, played at Park Hills Golf Club in Altoona, as well as the final WestPac Tournament at Somerset Country Club.

Eight members of the team lettered during the 2022-2023 season and all are returning for the 2023-2024 season. In addition to last year's golfers, there are three new members to the golf team, one senior, one junior and one freshman.

The golf team would like to thank the Ferndale Area School Board for their commitment to the golf team. The kids are anxious to hit the course in preparation for the upcoming season. Golf Camp will begin the week of August 7, 2023.

Varsity Baseball (Coach Stephen Clawson)

Varsity Baseball improved this year finishing with a 4-14 overall record, doubling our win total. Noah Hendershot finished with 20 hits, 11 RBI's, a batting average of 0.444, an on-base percentage of 0.576, and a slugging percentage of 0.711. Noah and Nick Reynolds each had 2 homeruns this season. Aedan Hrivnak had 20 runs scored, 19 hits, and 17 stolen bases on the season. Josh Mitchell pitched his way to a record of 4-4 with 47 strikeouts and only gave up 18 earned runs over 36 innings pitched. Connor Hrivnak led the team in RBIs with 13 on the season. The coaches would like to wish good luck to departing Seniors Noah Hendershot, Nick Reynolds, and Ryan Stancombe. We hope that their leadership with the younger players carries over to even better seasons in the future.

Jr Hi Cheerleading (Advisor Allyson Null)

As our first season together comes to an end, I wanted to take a moment to reflect on the incredible journey we embarked upon as a squad. As Junior High Cheerleading Coach, I am immensely proud of the progress, teamwork, and unforgettable experience I witnessed throughout the season.

One unique aspect of our season was the collaboration with Conemaugh Valley cheerleaders during football season. Co-cheering allowed us to expand our horizons and forge new friendships, while also adding a touch of excitement to football season. It was a joy to witness the camaraderie that developed between our cheerleaders and their counterparts from CV. Through joint practices and performances, we showcased the power of unity and teamwork, transcending any perceived boundaries.

I want to express my deep appreciation to the cheerleaders' guardians for their unwavering support throughout the season. Your commitment to the cheerleaders and your willingness to provide a helping hand during fundraisers made a significant impact on our squad's experience. Your encouragement and involvement demonstrated the true spirit of a cheerleading community.

To our eighth-grade cheerleaders, as you embark on your next chapter in high school, we are confident that you will continue to shine brightly, spreading your cheer and spirit wherever you go. To our seventh-grade cheerleaders, we eagerly anticipate your return next season, where you will build upon the foundation you established this year.
